Art Unit: 2143

## **DETAILED ACTION**

## Election/Restrictions

Newly added claims 41-58 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: the original claims were directed towards setting policies for network service usage of an attached function and monitoring and modifying the policies based on detections of triggers of the network system, classified in class 709, subclass 224.

The newly added claims are directed towards acquiring information about an attached function, associating level a trust with the information, granting the entry, and establishing policy for the usage, classified in class 709, subclass 217

The two inventions are thus disclosed as sub-combinations being usable together, capable of functioning independently of each other. Restriction for examination purpose is required because the newly claimed invention functions in a different manner than the original invention and would require a new search that was not previously required.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits.

## Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Alina N. Boutah whose telephone number is 571-272-3908. The examiner can normally be reached on Monday-Friday (9:00 am - 5:00 pm).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David A. Wiley can be reached on 571-272-3923. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free). If you would like assistance from a USPTO Customer Service Representative or access to the automated information system, call 800-786-9199 (IN USA OR CANADA) or 571-272-1000.
